

Legislation

People are different
There are rules to protect
everyone who is different

The people who are in charge
are trying to help everyone be safe.
They work together on this.
It may take some time.
But they want it to be easy to learn,
work, go places and have a good life.
They also want you to have what you need

HELPING DOGS

Some people need help all the time.
They have a dog to help them and be their friend.

The dogs can have different jobs.

Some dogs can help you walk.
Some dogs can help when you are in pain or sick.

These dogs are very good at their job.

They are important.

Even if you do not like dogs,
a person may really need a dog.
If you like dogs, ask before you play with them.

The dog might be busy with work,
so it should not play.
